

# *mm Moonlight Moment Easter 2021*

There's just one moon and one golden sun  
And a smile means friendship to everyone  
It's a small world after all

## **MOONLIGHT ON MY PILLOW**

2 a.m. light in my eyes...

through a window I added years ago  
so I could check out stars and planets...and a full moon

**I took a moment to chance a photo...(moon actually closer than it seems)  
in time for winter to move on to spring and for Passover and Easter...  
so many traditions under the same moon.**

**79% of Americans plan to celebrate some tradition of Easter this year...  
spending \$21.6 billion (\$179.80 each) on flowers, cards,  
gifts, candies and meals...making a lot of jobs.**

**In our town Muslims, Jews, Buddhists, Wiccans, atheists, agnostics and nones...  
actually supporting lots working folks  
Jesus would be pleased.**

**Clergy and churches are imagining ways of doing the Lenten season...  
filling 46 days from Ash Wednesday to Easter Sunday  
when only 28% of all Christians say they'll go to church  
(plus 22% who may go "virtually").**

**Some hear the story as literal history...others as an old conspiracy theory...  
myths, legends, stories that can't be fact-checked...  
the tradition lives on with or without benefit of clergy.**

**I didn't hear what prompted my 5-year-old great-grandson's comment to his mom:**

*"We could ask grandpa Art about it...  
because he knows all about Jesus."*

**I was going to tell you all I know, but I'm at the end of my page...**

***But Happy Easter anyway!...***

*For the Moment.....*
